MESSAGE FROM OUR FOUNDER

Hello, I'm Faku, the founder & CEO of Stellar. With six years of sales experience, I founded Stellar with a vision to empower buyers with informed choices, free from manipulation or sleazy persuasion. Our affiliate solutions are trained to advise, guide, inform, and facilitate sales between customers and businesses.

I began my journey in the business world at the age of 18 as a sales consultant. Over the years, I honed my skills by working with various sales and marketing companies, gaining valuable experience and insights along the way.

Motivated by a desire to create something unique, I eventually took the leap to establish my own sales and marketing consultancy, which I proudly named **Stellar**.

It's been a journey of growth, learning, and ultimately, realizing my entrepreneurial vision which became clearer throughout the years.

At Stellar, we know what it takes to grow a business, especially the importance of sales. That's why bringing value and results to our clients is a top priority for us. We're all about growth and innovation, and we enjoy working with companies that share our vision.

WHAT CAN STELLAR DO FOR YOU ?

Companies that use us

33%

Companies experienced 30% growth in revenue using affiliate programs

- 1. Increased Reach and Exposure:** Affiliates have their own audiences and networks, allowing businesses to reach new potential customers who may not have been exposed to their products or services otherwise. This expanded reach can lead to increased brand awareness and visibility.
- 2. Cost-Effective Marketing:** Affiliate marketing operates on a performance-based model, meaning businesses only pay commissions when a desired action, such as a sale or lead, is generated. This makes it a cost-effective marketing strategy, as businesses can allocate their marketing budget more efficiently and see a direct return on investment.
- 3. Enhanced Credibility and Trust:** Affiliates often have established trust and credibility with their audience. When they endorse a product or service, it can lend credibility to the business and increase consumer trust in the brand. This trust transfer can result in higher conversion rates and improved customer loyalty.

30%

This is how much growth in your revenue you can possibly experience with embracing Affiliates into your business.
